Super N's Cartridge Deodorizing System provides consistent room deodorizing

The Universal AirOfresh Cartridge Deodorizing System features a maintenance-free, one-piece unit designed to keep problem areas odor-free 24 hours a day. The unit contains a specially designed, battery operated fan that continuously draws and distributes your choice of pleasant fragrance from a liquid or gel cartridge. The cartridge contains a 30-day supply of deodorizer to provide continuous odor control. This unique system offers a consistent level of fragrance throughout the lifetime of the cartridge, and a convenient window allows for easy monitoring of the cartridge level. The small, attractive unit blends in well with any decor and comes with an adhesive backing for easy mounting. Additionally, Nilodor has cartridges to fit virtually any dispenser.

Liquid replacement cartridge fragrances are available in:

Original, Green Apple, Citrus, Spice, Floral, Spring Mint, Sea Mist, Lilac Blossom, Cherry Almond

Gel replacement cartridge fragrances are available in:

Square Gel - Citrus, Cherry, Baby Powder, Floral, Linen Fresh, Very Berry, Apple Spice
Round Gel - Cherry, Green Apple, Lemon, Spring Mint
